

BURGUNDY, FRANCE

Louis Boillot

OVERVIEW

Winemaker/Proprietor: Louis Boillot

Louis established this domaine in 2002 after splitting the holdings of the Lucien Boillot domaine with his brother. Organic, meticulous viticulture and gentle, non-interventionist winemaking produce wines of delicacy and restraint.

VINEYARD INFORMATION

Numerous small parcels in and around Gevrey-Chambertin (in the Côte de Nuits) and Volnay (in the Côte de Beaune). Averaging over 50 years old, Boillot's vines rank among the oldest in Burgundy.

Harvest: by hand

WINEMAKING NOTES

Viticulture is "lutte raisonnée" (reasoned organic).

No chemical fertilizers, herbicides or pesticides are employed and vines are pruned for balance.

Grapes are allowed to macerate in Boillot's frigid cave for a few days until fermentations start of their own accord.

New wood is used sparingly, with wines receiving up to 30% in top vintages.

The estate purchased several vineyards in Moulin-à-Vent, and began vinifying with the 2014 vintage. Average vine age is in the 50-60 year old range.

THE WINES

	Fruit Source	Production
Cote de Nuits-Villages	Varied.	150 cases
Chambolle-Musigny	40-year-old vines in the villages portion of Beaux Bruns.	100 cases
