

# Hermanos Peciña

## OVERVIEW

**Winemaker/Proprietor:** Pedro Peciña

The former vineyard manager for La Rioja Alta, Pedro Peciña started this estate in 1992, and started producing aged wines with the 1996 vintage.

From the start, the estate has worked their vineyards as naturally as possible, and has championed traditional winemaking with extended aging in used American oak barrels and regular rackings every 6 months.

## VINEYARD INFORMATION

The estate holds ~50ha of vineyards located around the town of San Vicente de la Sonsierra, on the border of Rioja Alta and Alavesa. With a mix of calcareous clay soils and exposures, the estate can make careful selections for its multiple cuvees.

## ADDITIONAL WINEMAKING NOTES

*Little Raisonee* viticulture.

Harvesting by hand, with sorting table as required.
